## LATE NEWS

President McKinley is spending the day in New Orleans.

### A BIG PANIC PREDICTED

A Big Strike Is Threatened In Louisville Tomorrow—Will Paralyze Building Interests.

### HEAVY DAMAGES AGAINST AN EDITOR

New Orleans, May 2.—President Wm. McKinley and party are spending the day here sight seeing. They are given an enthusiastic welcome in all parts of the city.

The presidential party traveled across the cotton belt yesterday from Memphis to the Gulf of Mexico. Down the low lying, rich Yazoo valley, fertile as that of the Nile, to Vicksburg, teeming with its memories of thirty years ago, thence to Jackson, the capital of Mississippi, and from there down into the land of the mangroves and the orange to the old romantic city at the mouth of the Mississippi delta, with its traditions of the French and Spanish rule. The outpouring of the people to see the presidential train along the route were larger, if anything, than on the previous day, and the demonstrations at Vicksburg and Jackson, the two principal stops, were very striking. The visit to Vicksburg was in some respects the most interesting yet made. Here a triumphal arch of cotton bales with the words "Expansion" pointing out to the president as he passed under it the path of the new south. Although it had not been intended to make any stops after leaving Jackson, the train was halted at several of the smaller towns where cotton mills are located to permit the president to see and speak to the operatives. At some of the stations the crowds actually impeded the progress of the train, and the engineer was obliged to slow down to avoid running over enthusiastic people. As the sun was lowering the train crossed the bayous with their tangles of moss-covered cypress and live oak, and skirting Lake Pontchartrain steamed into New Orleans.

This is the first time New Orleans has ever had a visit from the chief magistrate of the nation, and it was a royal reception which the old city extended to the president.

### HEAVY DAMAGES AWARDED.

Nashville, May 2.—Gen. John C. Underwood, of Covington, Ky., was today given a verdict for \$10,000 damages against Editor S. A. Cunningham, of the Confederate Veteran, and \$15,000 against Editor Cunningham and the Southern Methodist Publishing house jointly, for libel. The charge of Judge Evans was practically a direct instruction to the jury to return a verdict in favor of the plaintiff. He pointed out sections in Mr. Cunningham's article which he declared were libels against Gen. Underwood on their face.

### RUSSELL SAGE'S PREDICTION.

New York, May 2.—Russell Sage predicts that the worst panic ever known will soon involve the financial world.

### EXCITEMENT IN GRAIN MARKET.

Chicago, May 2.—May corn bid up to 55 cents and great excitement in the grain market.

### BIG STRIKE THREATENED.

Louisville, May 2.—Three thousand members of the Allied Building Trades council threaten to strike tomorrow. If they do it will completely paralyze building interests.

## HE IS ANGRY

Dr. McCormick's Friends Wanted an Indignation Meeting at Hopkinsville Tonight.

### HE ADVISES AGAINST IT

Will Sue the Alleged Conspirators for \$20,000 Damages at Once, He Stoutly Declares.

### SAYS COURTS WILL VINDICATE HIM

Hopkinsville, May 2.—Dr. E. B. McCormick's friends here were arranging for an indignation meeting tonight, over his removal. He advised against it, saying that the courts will vindicate him at the proper time. He declares he will at once file suit for \$20,000 damages against the men whom he charges with conspiracy to have him removed.

Gov. Beckham, in commenting on the removal of Supt. McCormick, says: "No one regrets more than I do the necessity of this action; but I believe that the interests of the institution demand a change in its management, and no personal feelings or political considerations whatever should deter me from doing what I conscientiously believe to be my duty in the matter."

### PASSED UNNOTICED.

NO ONE SEEMED TO REMEMBER THE ANNIVERSARY OF MANILA BAY.

Washington, May 2.—Though yesterday was Dewey Day, the anniversary of the battle of Manila Bay, no one seemed to know save the admiral himself, and his Chinese servant, who thoughtfully hoisted a flag for the family residence. Even among the officials at the war department, there was no comment about the fact and there was no display of flags or any indication of national recognition of the destruction of the Spanish fleet. The dinner last night for officials that participated in the battle was the only celebration.

### RAILROADED TO PRISON

TRAIN ROBBERS GO THROUGH TWO COURTS IN A DAY.

Macon, Ga., May 2.—O. W. Chestnut, of Jacksonville, and Cliff Jordan, of Macon, charged with robbing a Southern Express car on the Central of Georgia railroad, pleaded guilty before the police recorder and were bound over to the grand jury in the sum of \$1,000.

The robbers were indicted by the grand jury, and at a special session of the superior court were sentenced to seven years in the penitentiary. The robbery occurred last Thursday night.

### KING OF CANADA.

London, May 2.—At a meeting of the British Empire league it was disclosed that the colonial office has been in correspondence with the government of Canada with regard to including Canada in the title of King Edward. The result of the negotiations will not be made known until the correspondence is published.

### PEACE ON THE ISLE OF PANAY

Washington, May 2.—The war department has received the following cablegram from Gen. MacArthur at Manila: "Quentin Sales surrounded Iloilo, April 21. All organized opposition in that island ended."

## CHESS CHAMPIONSHIP.

INTERESTING CONTESTS ARE ON AMONG MEMBERS OF THE NEW CLUB.

The contest for the chess championship of the Chess, Checker and Whist club is becoming very hot. Seven games have been played so far. Mr. Dennis Mootoot has won two games, one from Mr. E. W. Scofield lost one game to Mr. Larrie Gant and Mr. Gant in turn lost one to Mr. "Buck" Van Cullin. It will take 66 games to decide the championship and no definite results can be gotten before the expiration of at least ten days, the time it will take to finish the contests. After the chess championship has been decided whist will next be taken up and then cinch, billiards and pool.

They left at 11:30 on a special train for Memphis. In the party were: H. D. Smith, General Traffic Manager; G. R. Knox, General Freight Agent; Chas. Barham, Assistant General Traffic Manager; W. L. Danley, General Passenger Agent; and E. T. Teachout, Traveling Freight Agent. They were accompanied by Supt. Hills.

## PRIVATE CAR CRUSHED

WHITELAW REID RECEIVED AN UGLY CUT AND A FIREMAN WAS KILLED.

Emigrant Gap, Cal., May 2.—In the darkness of the smoke sheds a Raymond excursion train ran into the rear end of the limited train, No. 2, at Youba Pass, four miles east of here. The private car of D. O. Mills was on the rear of the limited and was badly damaged. Fireman James Saunders, of the Dalles, Ore., was instantly killed, and many passengers and many of the train crews were badly injured. D. O. Mills and his grand-daughter and Whitelaw Reid and wife had just seated themselves at the dining table in the rear of their car when "the crash came." All were more or less bruised and scratched, but none was seriously injured. Whitelaw Reid received an ugly cut in the face.

## CONFEDERATE DEAD.

SECRETARY ROOT GIVES ORDER FOR REBURIAL IN ARLINGTON CEMETERY.

Washington, May 2.—Secretary Root has given orders to the quartermaster general's department for the execution of the act of congress requiring the reburial in Arlington National cemetery of the Confederate dead there now numbering 126, and with them the remains of 138 Confederates buried at the National Soldiers' Home here. Protests have been received by the secretary from the women of Virginia, who wish the remains taken south, but the orders remain unchanged.

Wireless telegraph stations are to be erected at Inishtrahall, in the north of Ireland, and at Kildonan, Arran, Scotland, respectively, for the purpose of reporting and signaling vessels at sea.

F. W. Neumann, the cabinet maker of 108 Broadway, has removed to 923 South Fourth street.

## TEACHERS VICTORIOUS.

THEY WIN IN THEIR FIGHT AGAINST THE ILLINOIS BOARD OF EQUALIZATION.

Springfield, Ill., May 2.—The Chicago school teachers have won their fight against the state board of equalization and the twenty-three great franchise corporations of Chicago. Judge Thompson, in the circuit handed down a decision of 20,000 words, in which he grants the writ asked for by the teachers to compel the board of equalization to list for taxation the franchisees of these companies. The decision is clear cut and signals out the great principles at stake, and finds explicitly that the law demands the board to do just what the teachers have contended it should do. This is a victory for teachers throughout the state.

## MAYFIELD MARRIAGE.

PROMINENT YOUNG PEOPLE HAD A SURPRISE WEDDING LAST NIGHT.

Mr. A. B. Cameron, a prominent dry goods merchant of Mayfield, and Miss Lena Vinco, one of Mayfield's most attractive young ladies, were married in this city last night. The wedding was of a quiet nature and only a few of their friends were present. Both are well known and stand high in social circles. The marriage had been rumored for several days, and created quite a surprise.

## TROUBLE OVER

The Illinois Central Machinists' Demands Were Acceded To.

### THERE WILL BE NO STRIKE

The Matter Quickly and Quietly Adjusted Without Any Ill Feeling Between Either.

### LATE NEWS OF THE RAILROAD

The threatened trouble between the Illinois Central railroad and the machinists has been quietly and agreeably settled. The terms made were as follows: The rate of pay for all machinists, blacksmiths and boiler-makers who are not receiving 30 cents per hour will be increased five per cent on the dollar and an increase of two and one-half per cent made to all helpers of the machinists, blacksmiths and boiler-makers. This rate was accepted the 30th by the committee and it is effective May 1st and after. The bulletin announcing the increase was posted in the shop yards this morning at 5 o'clock and everybody seemed satisfied. The local employees have never appeared dissatisfied with the former rate of pay and when informed of the increase seemed to look upon it as an unsolicited raise.

The Illinois Central has always done the right thing by its employees and has always been more than willing to settle all grievances quietly, and this late settlement bespeaks much for the skillful management of the affair and the company's willingness to do the right thing.

Superintendent H. U. Wallace arrived in the city last night.

Train No. 104, the fast east bound passenger from Memphis, was delayed three hours and 40 minutes by some little trouble on the road last night. The trouble was not of a serious nature.

A list of rules and regulations of the railroad employees was posted about the shops this morning. There are about 15 clauses in the bulletin, all relating to the hours of labor and the regulations relating to leave of absence, etc. All are effective on and after May 1, 1901.

The new law requiring railroads to report all accidents to the Interstate Commerce commission at Washington is now in effect. The law requires every accident to be reported. The commission is now receiving suggestions from railroad managers as to the form of reports. It has been suggested that no accident be reported where the loss does not exceed \$100, and where the employee in case of accident is not detained from work more than five days. The railway unions believe the new law will have a good effect in making employees more careful and railroads more solicitous about equipment.

Superintendent H. U. Wallace, of the Louisville division, will move his family from Chicago to Louisville the latter part of next week.

Conductor Felix Wright, of Fulton, was called to Memphis to take charge of the run on the fast train from Memphis to Cairo, succeeding John Barry. Hallie Hill takes Mr. Wright's run from Cairo to Fulton, and Ab Tier is put on a through passenger run from Jackson to Cairo.

Conductor John Alexander, the well known freight conductor of the Illinois Central, who is in business at Bradford, Tenn., while off duty on an eighteen month's leave of absence, shot and killed a negro in self defense night before last, says the Fulton Leader. The negro came into Alexander's store drunk and while negotiating for some article began a dispute with the clerk who was waiting on him. In the fight which ensued the negro knocked the clerk senseless with a hoe handle which he seized. Alexander rushed to the aid of the clerk, when the negro drew a pistol and shot Alexander through the hand. Alexander pulled his gun and shot the negro dead. A coroner's jury exonerated Alexander.

Roadmaster L. A. Downs, of the Louisville division of the Illinois Central railroad, is in the city.

The loss will amount to several thousand dollars.

It is believed that two lives were lost. It is the second accident to happen to towboats near Henderson within the past two weeks, the Coal City recently striking a pier, losing several barges.

## ONE OF PRIVATE ALLEN'S FUNNY STORIES.

The retirement from the house of representatives at the close of the present congress of John M. Allen, of Mississippi, will terminate all hope of Washingtonians to hear fall from his lips more of those humorous phrases of this wag's invention which, like the sallies of poor Yorick, were wont to set the table on a roar, relates the New York Press. One of his good stories is this:

"Before my election I came home one night and found that while I had been off on my campaign the leaders of our party had organized a Cleveland, Hendricks and Allen club, and they were to have a meeting that night. I went, and when they got through speaking they called on me. I expressed my convictions, and said what I wanted them to do for me when the election took place, in about two weeks. There were a good many colored voters present, and I wanted to get them interested; so I got the boys to call on Jim Cummings, an old, slim colored man. Old Jim got up and said:

"Well, gentlemen, youse heard Mr. Taylor and Mr. Anderson on the politics of the day. They's told you what sort of a man Blaine is, and it don't look to me like no nonest man ought to have any trouble in picking out between them two. You have also heard Mr. Allen orate about himself; and he has recommended himself so much higher than the balance of us can recommend him that it aint with while for me to say anything much about him."

President McKinley has captured the south. By his calm, dignified, courteous demeanor he has completely won over the southern people wherever he has gone, and the papers south of Mason and Dixon's line with one accord compliment him in the highest of terms. His speeches have been unostentatious, with no effort for rhetorical effect, and have been well spoken and well received. President McKinley is an optimist and sees a bright future for the United States. He is a man who does things, not one who tells how they ought to be done.

While no agreement has been reached thus far by the Illinois Central and representatives of the machinists, every indication is that one will be. The Illinois Central is one of the best roads in the United States towards its employees, and it is safe to assume will accede to any reasonable demand. It has already offered a five per cent increase to all machinists, a two and a half per cent increase to helpers, and a general increase of two and a half cents to blacksmiths, boiler makers, painters and other shop employees.

The carnival is approaching. The city will be full of strangers for a week, and Paducah will have a chance to display her celebrated hospitality. It is desired to have the city as clean and attractive as possible. A good cleaning will be given just before the opening, and it is urged that everybody decorate both business houses and residences. The cost will be nominal, and the effect most creditable. It will make a good impression on the visiting thousands, and show them that Paducah takes an interest in their city and its entertainments.

The report of State Inspector Hines, just published relative to the charges against Supt. E. B. McCormick, of the Hopkinsville asylum, indicates that the discharge of Dr. McCormick does not necessarily imply guilt. Inspector Hines says in part:

"In my opinion the charges were sustained by the proof, but, without passing upon the guilt or innocence of the superintendent, his actions at the time specifically set out, and at other

times, were of such a nature as to seriously impair his usefulness as the head of the institution. It seems to me from the statements of the parties and from the statements of Dr. McCormick and admissions made by him, that the best interests of the institution would not be secured by longer keeping him in the position he now holds. I, therefore, recommend that he be removed from office."

The point is, as stated yesterday, that whether guilty or innocent, the fact that the charges were made has practically destroyed Supt. McCormick's usefulness as the head of the asylum, and if his usefulness is destroyed, he should no longer be there. If he is innocent, it is his misfortune that any charges were preferred against him. The widespread notoriety resulting from such public charges, however, rendered his resignation or removal advisable, although his discharge, which was his choice of alternatives, without a full investigation, may not be entirely in keeping with our idea of justice. Yet if an investigation should exonerate him, the advisability of his dismissal would still remain.

Congressman Chas. K. Wheeler, who has announced his candidacy for the United States senate, has strong opposition in his own party. There are now five aspirants D. H. Smith, Ex-Gov. J. B. McCreery, Judge J. E. Cantrell and Judge I. H. Goodnight, the latter the most recent. Three of these, including Mr. Wheeler, are from Southwest Kentucky, the other two being Judge Goodnight and Mr. Smith, and this may militate against Mr. Wheeler's chances, although it is now generally conceded that he has things going his way.

The Democratic candidates for the majority nomination seem to be having some little difficulty about the appointment of a police force next December. It is hoped they will not take the matter too seriously, for the probability is that the pleasant task will not fall to either of them.

Judging from the statements of Senator Capote, it is the United States troops the Cubans have been afraid of. But that's nothing. They are not the only ones afraid of our soldiers.

## AMONG THE INDIANS.

A PADUCAHAN TELLS SOME THING ABOUT A COUNTRY WITHOUT TAXES.

Captain J. C. Farley is in receipt of a letter from his friend, Mr. John Picaman, who is well known in Paducah and recently went to Indian Territory. It reads:

Claremore, Indian Territory, May 1.—Mr. J. C. Farley, Paducah, Ky. Dear Friend: My brother Jake informs me that you want information in regard to this country. The Cherokee Nation contains 8,000,000 acres of land, one-third timber, two-thirds prairie, good farming and stock raising country climate mild and healthy. There are five lines of railroad running through the Nation, and in regard to Indians there are none here only in name. Their forefathers might have been Indians but they are all white folks now. They are not called Indians. Here they are referred to as citizens and number about 35,000; non-citizens number about 55,000.

About land titles; the land is held in common and the title is vested in the Cherokee Nation and will continue so until a treaty is made and ratified by congress and the voters of the Cherokee Nation, which has been done by congress the last session and is now to be voted on by the citizens of the Cherokee nation on the 29th of this month. If a majority vote is cast in favor of the treaty, we look for one of the biggest booms that ever struck the west since the days of '48. I send you a copy of the treaty in full hoping you will let the boys read it that come to your store. I also send you some clippings as to education. The Indians are well educated. All can read and write the English language. They spend more money for education according to population than any state in the union. As to religion, we have all denominations here, some fine churches, and preachers galore. We pay no tax of any kind. Crops were good last year. I believe this Nation alone raised more corn, hogs, wheat and cattle than the entire state of Kentucky did last year. In regard to the other five Nations some are being allotted now and some have treaties pending. The five Nations contains 31,000 square miles and number 73,000 Indians and 82,000 whites. All is going to be allotted equally to the citizens thereof.

I am not writing this to get you to come here for you can't buy land unless the treaty is ratified, and I will have none to sell if it is. If you do come don't expect to make a living without work.

JOHN PICAMAN.

## THE RIVER NEWS.

The Avalon leaves for Chattanooga  
at 4 o'clock this afternoon. She will  
leave here loaded flat.

The City of Clifton from St. Louis  
is due early tomorrow morning for  
Tennessee. Popular Captain Bob  
McCoy is in command.

The excursion season in the St.  
Louis and Tennessee river trade will  
be full ripe and ready to "pull off"  
by the 30th of this month.

The Tennessee is due this evening  
from Tennessee river and leaves on re-  
turn trip next Saturday at 5 p. m.

The R. A. Speed came out of Ten-  
nessee river yesterday with a tow of  
ties.

The J. B. Finley breaks the record  
for the largest tow that ever was  
handled by a single towboat. There  
were fifty pieces, loaded with coal and  
six fuel barges. The Finley is bound  
for New Orleans, where the bulk of  
her immense tow will be delivered.  
Some of it will be dropped at several  
distributing points. She passed down  
yesterday and attracted great attention  
as the immense acreage of coal  
slowly floated past the city.

The John S. Hopkins arrived from  
Evansville on good time this morning  
and departed on return trip at 10  
a. m. She had good trips in and out  
especially in passengers.

A Wheeling special to the Cincin-  
nati Enquirer says: "Congress will  
be asked that a law be enacted to com-  
pel the secretary of war to formulate  
regulations which shall prohibit the  
operation of steamboats when the  
rivers are above the danger line. It  
is suggested that the engineers of the  
war department establish the limit  
above which river traffic shall be sus-  
pended, that notices be placed at  
wharfs during times of flood, warning  
steamboat masters of the stage of the  
river above and below, and the proba-  
ble time at which the danger line  
will be passed at various points. The  
question of stopping steamboat traffic  
during floods has been discussed for  
years, and it is estimated that greater  
damage results from passing of half a  
dozen steamboats than from all other  
causes combined. One boat knocked  
over four houses on Wheeling Island  
with her waves at one passing, and  
similar cases are cited.

The river commenced falling here  
yesterday to the great relief of not  
only people of this city but all along  
the banks of the Ohio in the lowlands  
between here and Cairo. The farmers  
will be made happy, as the river will  
run out rapidly giving them an oppor-  
tunity to put in their crops and re-  
plant again. The trouble is, the  
farmers in the bottom lands are al-  
ways in too great a hurry to plant, as  
the middle of May is plenty early for  
bottom land planting.

The drummers are complaining  
greatly on account of having to go  
to Cairo by rail-run instead of

Asbestos is being used in lining the  
Russian battleships now being built.

**ONE GIVES RELIEF.**

There is scarcely any condition of ill health that is not benefited by the occasional  
use of a R. P. A. S. Tabule, and the price, ten for five cents, does not bear the  
weight of any home or junky drug one is likely to find in the market. A family  
bottle containing ten Tabules is sold for five cents. For children the chocolate coated  
sort, ten for five cents, are recommended. For sale by druggists.

## ALSO WELCOME ADDRESS

The Tickets to Be Used at the Carnival Came This Morning—Manager Conley Returns Tuesday.

## ALL THE LATEST CARNIVAL NEWS

Mayor Lang is to deliver an address of welcome on the opening day of Elks carnival, and turn over to representatives of the Elks the keys to the city. The Elks are to have complete charge of everything for the entire week. They will regulate all licenses and such things, and will see that everybody is well treated.

Detectives will be here from St. Louis, Memphis, Louisville and Nashville, and all suspicious characters will be arrested or made to leave town. No crooks will be allowed.

Today the executive committee closed a contract with the street sprinkler owners for a continuous sprinkling of the exhibit streets from today until after the carnival. The exhibitors will have every convenience. Several will begin work on their booths at once. Mr. Joe Blum will return from up the road today or in the morning, and then assign all booths to exhibitors.

Manager J. J. Conley will return from Birmingham, Ala. Tuesday, and again locating the shows and other attractions for the midway. The shows will arrive next week.

The carnival tickets, 300,000 in number, arrived today, and were turned over to Treasurer Dick Rudy. They are in six colors, of continuous numbers, such are used at all carnivals.

All Elks are requested to attend the meeting of the lodge tonight, as the executive committee of the carnival will make a complete report. It will prove of great interest to everybody.

Secretary A. C. Atkins is better today and will be able to get out. His many friends will be glad of his improvement.

The Elks committee has received papers from Birmingham, Ala., containing accounts of the opening of the Elks carnival Monday. The ceremonies were very impressive. After the formal opening of the gates, the mayor made an address of welcome, and delivered the keys of the city to the Elks. The city was turned over to them, and they now have full charge. The decorations are in purple and white, the Elks official colors. The people of Birmingham are having a great time.

The merchants will all lay in a big supply of hat bands, ties, and Elks pins for carnival week. Everybody will have to wear Elks colors of some description, and many of the novelties will become very popular.

The lights for the big carnival arch are all in, and all that remains to be done to complete it is the painting.

The Tuscaloosa, Ala., lodge of Elks has broken the record by initiating 51 members at one meeting. They were busy from 4 p. m. until 10 p. m., and were in good condition to enjoy the banquet that followed.

### DAMAGE SUIT AGAINST STREET RAILWAY COMPANY ON TRIAL.

Judgment Rendered Yesterday Afternoon Against the City and Sewer Contractors for \$500.

The damage suit of Ira Wills, administrator, against the Paducah railway and light company for \$20,000 for the death of the plaintiff's son, who was killed several months ago on South Third street by a car, is now on trial in circuit court.

In the case of Ramsey against Eiler sewer contractors, and the city of Paducah, a suit for \$2,500 damages, a verdict of \$500 was rendered in favor of the plaintiff late yesterday afternoon.

Ramsey stumbled over a pile of dirt left by the sewer contractors where an excavation had been made on Broadway near Ninth and claimed he sustained permanent injuries through negligence. The verdict is against both the city and the contractor.

In the case of J. F. Brockinridge against Buckskin Bill Wild West Co., Sid, John, and Fletcher Terrell, being stockholders in the show, were ordered to pay into court \$102.20, the amount of the judgment and also \$16 for the cost of the proceedings of the court.

The Meyer Bros. Drug Co., of St. Louis, filed a suit against John Van Culin, formerly of this city, but now of St. Louis, for an account of \$553.

Deputy Sheriff John Ogilvie and an unusual experience yesterday. He went out to sell a traction engine used to a thrasher, in pursuance of a judgment for \$270.75 in circuit court in the case of the Russell Wind-Stacker Co. against W. L. Beck. The engine was across the county line, and the deputy could not sell it, but upon explaining his mission Mr. Beck readily moved it into the officer's jurisdiction and the sale proceeded.

The town of Eatonville, Fla., has 1,200 inhabitants, with not a single white among them. It has a full quota of officials, a bank and other business establishments, requisite in a town of its size.

### SEVERAL BREACHES OF THE PEACE ON THE DOCKET THIS MORNING.

Guy Pierce, of Graves county, charged with carrying a pistol concealed, was fined \$25 and sentenced to ten days in jail. He took an appeal and executed bond. Riggs Bostie and John Canter, also of Graves, who are wanted for being involved in the same disturbance Pierce was in, escaped. Canter is the man shot at Lynnville by Constable Wilson two or three years ago.

J. Brooks and Ben Boyd, and Chas. Levy and Chas. Etter, charged with breaches of the peace, were granted continuance.

The forgery case against Chas. Elliott was continued until Saturday.

A breach of the peace case against Wm. Hollier, for sticking another man with a pitchfork, was dismissed on account of conflicting testimony.

Pinckney Childers was a guest in Judge Sanders court today for the first time in many moons. He came back from the penitentiary a short time ago, and it didn't take long for him to begin his old tricks.

Day before yesterday he went to Mr. A. Frank's plumbing establishment on lower Broadway and without provocation knocked Mr. Frank down. It seems there had been some trouble between Mr. Frank and Childers' people over a dog, but Mr. Frank didn't even know the young ruffian. He was fined \$15 and costs.

Annie Sanders and Daisy Sanders, colored, who had a fight early this morning, were fined \$5 and costs by confession.
